WELCOME TO THE NEIL YOUNG PDF SONGBOOK PROJECT

This document is a compilation of songs submitted by Rusties and other Neil-fans. The purpose of this document is NOT to make you like Neil, there can only be one. Also, the submissions should not be considered as utterly solid truths, but merely suggestions. All the songs here have been made by listening to the music or watching him on video to figure out how to play it.

D                     A
Look at Mother Nature on the run
C                     G
In the nineteen seventies.

I was lying in a burned out basement
With a full moon in my eye
I was hoping for replacement
When the sun burst through the sky
There was a band playing in my head
And I felt like getting high
I was thinking about what a friend had said
I was hoping it was a lie
Thinking about what friend had said
I was hoping it was a lie

Horn solo (lasts one verse)

Well I dreamed I saw the silver spaceship flying
In the yellow haze of the sun
There were children crying and colours flying
All around the chosen one
All in a dream, all in a dream
The loading had begun
Flying mother nature's silver seed
To a new home in the sun
Flying mother nature's silver seed
To a new home

NOTES:
INTRO: DaddE -> D
Hammer-on the first string as you hit the opening D
NOTE:
I'll forget who wrote it but someone said yesterday that it sounded like ol' Neil is doing "After The Gold Rush" in the key of A now on the pump organ. After getting Rotterdam (#1) yesterday, I can confirm this.

So just in case anyone has trouble changing the chords around:

Well I dreamed I saw the nights in armour coming
Saying something about a queen
There were peasants singing and drummers drumming
And the archer split the tree
There was a fanfare blowing
To the sun
That floated on the breeze

Look at mother nature on the run
In the twenty-first century
We got at mother nature on the run
In the twenty-first century

Neil drops the bottom E down to D (like in Harvest Moon). This gives his first chord played a weird Em/D sound. Believe it or not, I'm pretty sure the first Em bar of the song has five beats to it (5/4, maybe 5/8), and that the second D bar has three beats (3/4?). This repeats for the third and fourth bars but then rights itself to 4/4 time for the rest of the song. Bizarre for Neil, I agree, but count it out.

CHORDS: Am   G   F   G, all through the song + some solos

There must be some way out of here  
the joker said to the thief  
There's so much confusion  
I can't get no relief  

Busisnessmen they drink my wine  
plowmen dig my earth  
None of them anywhere all along the line  
know what any of it is worth

"No reason to get excited" 
the thief he kindly spoke  
But there are many here among us  
who feel that life is but a joke

But you and I we've been through that  
and this is not our fate  
So let us not talk falsely now  
the hour is getting late

All along the watchtower  
princes kept the view  
While all the women came and went  
barefoot servants, too

Outside in the distance  
a wildcat did growl  
Two riders were approaching  
the wind began to howl

All along the watchtower  
All along the watchtower

And there ain't nothin' like a friend
Who can tell you you're just pissin' in the wind

Dadd9

Wrapping up dope in a paper bag,
Dadd9 Dadd9 A (Transition)
Talking to yourself, taking a drag.
G
Who are you kidding with what you say?
G A (hammer-on)
What does it matter, you'll never hear it anyway.

Gotta get past the negative thing,
Lawyers and business, you get what you bring.
No one's sorry you did it yourself,
It's time to relax now and then give it hell.

Someday,
You'll find
What you're looking for.
Someday,
You'll find
What you're looking for.

You didn't bet on the Dodgers to beat the Giants
And David came up.
And now you gotta pay up,
You didn't count on that.

Jeez, half the money's gone and the month is still young,
Where're you going to go now?
Things are closing in,
Gotta trust someone,

Trust someone,
Someone you trust, gotta be careful.
Can't go to your brother,
the money's all gone.

Can't go to your friends,

Someday
You'll find
Everything you're looking for.

VERSE:
You made out like a bandit for all of these years,
What're you working for?
One more big score?
What're you trying to prove?

Try to get closer, but not too close,
Try to get through,
But not be through.

No one can touch you now.
But I can touch you now,
You're invisible,
You've got too many secrets, Bob Dylan said that,
Or something like that.

Someday
You'll find
Everything you're looking for.

Someday
You'll find
Everything you're looking for.

CHORUS:
Someday

BAREFOOT FLOORS

SUBMITTED BY: Charlie Coombs (GUNGBG@aol.com)
(via HyperRust.Org)

NOTE: It was written by Neil Young. Nicolette explains on the CD that she first heard the song while singing backup vocals for Neil (during Comes A Time, I think, and it obviously did not make it to the album) and later asked him if she could put it on her lullaby CD. I've never heard Neil perform this one, but my guess is that he would use G, C, and D in place of the A, D, and E Nicolette used. If you have trouble going to sleep at night, or have young children, get this CD! It is very mellow, and I highly recommend it! Just remembering the many nights I spent pacing the Barefoot Floors with my little ones brings a tear to my eye....

VERSE 1:
A
Sleep, baby, sleep
A
I know your day has been oh so long
D
Sleep, baby, sleep
D A
I know your day has been oh so long
E
The night falls at your feet
E
Now the day feels so complete
E D
Compared to darkness
D A
Sleep, baby, sleep

VERSE 2:
Talk, baby, talk
Sweet talk is all it's made of
Talk, baby, talk
Sweet talk is all it's made of

Promises of the morning ways,
New beginnings for another day
To spend together
Talk, baby, talk

instrumental passage - A E D A (similar to 2nd half of verse)

VERSE 3:
Love, baby, love
Has got me walkin' on these barefoot floors
Love, baby, love
Has got me walkin' on these barefoot floors
Find the light surrounding you
Sleep the night, 'til morning's dew
I will be here for you
Love, baby, love
BARSTOOL BLUES

SUBMITTED BY: Steve Nicholson (74431.40@compuserve.com)

NOTE:
Kevin Goodsell (GOODSELK@bus.svhs.cache.k12.ut.us) suggested this should be played with a capo at fret 2.
Then you should play: E as a D-shape, B as a A, A as a G, F#m7 as a Em7. I think both versions sound ok, so you'll have to decide for yourself.

INTRO:
E (x4)

B F#m7 E
I could hold on to just one thought for long enough to know
B F#m7 E
Why my mind is moving so fast and the conversation is slow
A E
Burn off all the fog and let the sun through to the snow
B A E
Let me see your face again before I have to go.

I have seen you in the movies and in those magazines at night
I saw you on the barstool when you held that glass so tight
And I saw you in my nightmares, but I'll see you in my dreams
And I might live a thousand years before I know what that means

INSTRUMENTAL:
B - F#m7 E -

Once there was a friend of mine who died a thousand deaths
His life was filled with parasites and countless idle threats
He trusted in a woman and on her he made his bets
Once there was a friend of mine who died a thousand deaths

VERSE 1:
G
One mornin' when I was ridin'
C                     D
In my old pickup truck
G
A beautiful bluebird came flyin' down
G
My eyes caught the color
C                      D
As it lead me down the road
G
Dippin' and bobbin' in the sun
G
I've never seen that blue before
C                     D
'cept in one place
G
And she's not here with me right now
G
So I followed all the way
C
To the top of the hill
D
That's where she kept on climbin' Lord
G          D D
Someday I will

CHORUS:
G
Beautiful bluebird
C
See how she flies
D                     G
Looks like she's always goin' home
G
If heaven had a window
C
Where the sun came shinin' through
D
Like a beautiful bluebird
G          D D
I'd come flyin' back to you

SOLO:
G C D G (x2)

VERSE 2:
Well it kind of struck me funny
Sort of made me smile
After all these years on this old road
How God could show me somethin'
Never say a word
There's so much that I don't know
I've never seen that blue before
Except in one place
And she's not here with me right now
I followed all the way to the top of the hill
That's where she kept on climbin' Lord
And someday I will

LYRICS:
save the planet for another day
"attention shoppers, buy with a conscience and save"
save the planet for another day
"save alaska! let the caribou stay"
don't care what the governments say
"they're all bought and paid for anyway"
save the planet for another day
"hey big oil, what do you say?"

we were runnin' through the night
never knowin' if we would see the light
paranoid schizophrenic visions
livin' in fear of the wrong decisions

we got to wake up
we got to keep goin'
if they follow us
there's no way of knowin'

we got a job to do
we got to
save mother earth

be the ocean when it meets the sky
"you can make a difference, if you really try"
be the magic in the northern lights
"six days....six nights"
be the river as it rolls along
   "it has three eyed fish and it's smellin' strong"
be the rain you remember fallin'
   "be the rain, be the rain"

yeah rain was fallin' and we're soakin' wet
hail is beatin' down on our heads
the wind is blowin' through our hair
faces frozen in the frigid air

we got to get there
alaska
we got to be there
before the big machines

we got a job to do
we got to
save mother earth

dream the hunter on the western plain
   "the birds are all gone, where did they go?"
dream the fisherman in his boat
   "he's comin' home empty, he's barely afloat"
dream the logger in the great northwest
   "they're runnin' out of trees, they got to give it a rest"
   (there's no other way to cut it)
dream the farmer in the old heartland
   "corporate greed and chemicals are killin' the land"

next mornin' sun was up at dawn
she looked around and earth was gone
dark visions he had last night
he needed peace, he needed light

he heard the rumble and
he saw the big machines
the green army rose
it was a bad dream

he had a job to do
he had to
save mother earth

be the ocean when it meets the sky
   "greek freighters are dumping crap somewhere right now"
be the magic in the northern lights
   "the ice is melting!"
be the river as it rolls along
   "toxic waste dumpin' from corporate farms"
be the rain you remember fallin'
   "be the rain, be the rain"
save the planet for another day
   "be the rain, be the rain"

+ in front of a number = blow   eg.+5
nothing in front of a number = draw   eg. 5
'   after a number = a bend  eg. 4' (one for a small, two for a big bend)

BOUND FOR GLORY

SUBMITTED BY: Michael Shaw

INTRO STRUMMIN': G

VERSE 1:

Out on the Trans-Canada highway
there was a girl hitchhikin' with a dog
fireflies buzzin' 'round her head
like candles in a fog

He was three miles down the road
tryin' to stay up but he knew that he couldn't
she was looking for a ride through the night
but out there who wouldn't

CHORUS:

There were bound for glory, bound for livin' on the edge
they were bound for each other
like two comets headin' for a bed

She had a new way of livin', new way of lookin' at life
he had an '84 International and two kids
he left back home with his wife

G C D G

VERSE 2:

He was tired of writing letters to himself
and living in the dark
She was open to suggestions
and some say she had a broken heart
He had everything he wanted
till it all turned out to be a job
One fallen asleep trucker
and a girl hitchhikin' with a dog

CHORUS

G C D G (x2)

(Go up a full step to A)

VERSE 3:

A
Out on the Trans-Canada highway
the sun cam climbin' up the cab
by the time it hit the window
they were waking up from what little sleep they had
When that heat hit the blankets
They were looking for love at second sight
Just starin' in each other's eyes
findin' it in the morning light

CHORUS 2:
There were bound for glory, bound for livin' on the edge
they were bound for each other,
like two blankets laying on a bed
She had a new way of livin', new way of lookin' at life
he had an '84 International and two kids
he left back home with his wife
In line 3, Neil plays Am, but you should try D instead. It sounds good, too.

   G
I doesn't matter where I might get off

   Am     F        Em
It doesn't matter where I lay

I've been to cities
I've been to countries
I've left a love in many towns
I don't care if I ever get back to
where I've already been around

I'm like an Eagle
I like to fly high
I'm like the snake I like to lay low
I'm like the black man I'm like the white man
Maybe the red man I don't know

I'm just a passenger
on this old freight train
I ride a box car through the night
I doesn't matter where I might get off
It doesn't matter where I lay

CHORD PROGRESSION:

the evening fog was rolling in
it was getting hard to see
the old white car edged down the road
headed for the double e

she was bringin' down dinner for grandpa
it was crawlin' with vitamins
and tender as a mother's love
when she saw the tv vans

the side door was open
there were three tvs
grandpa's face was on every one
he was talkin' to a woman with a microphone
she was sexy and her hair was all done

sun green came out and met grandma then
"my, you're such a beautiful girl
mother earth needs more like you
you should go out now and see the world

what's grandpa doin' on tv?
i got his dinner in the car
all these vans have blocked our road
but we can carry it, it's not too far"

Standard Tuning, capo on the 3rd fret.

Regarding the intro, I'd like to add that I play the 2nd chord a bit different: (3x0032). Personally, I'd call it D4/G. Taking the pull-offs on the high E string into account, the chords of the intro are: D Dsus9 D4/G D4sus9/G. OK, enough nitpicking.

CAPTAIN KENNEDY

NOTES:
These chords are meant to played in dropped-D tuning (low E to D) and capo on 3rd fret.
There was some discussion about this on Rusted-Guitars, and other suggestions were: standard tuning and capo 1st fret, or double dropped-D with capo on 3rd fret.

I am a young mariner headed to war
I'm thinkin' 'bout my family and what it was for
There's water on the wood and the sails feel good
And when I get to shore I hope that I can kill good.

My father was a sailor named Captain Kennedy
He lost his wooden schooner to the Germans on the sea
Exploded on the water for everyone to see
And humiliate that American Captain Kennedy.

I saw him in Nassau in 1971
His strength was failin' but he still ran a run
He worked 'til his fingers wore to the bone
To buy that wooden schooner and sail on his own.

He was known in the islands as hundred foot iron
That steel hull freighter was passin' its time
And time flew by faster with life on the sea
And the days grew shorter for Captain Kennedy.

I am a young mariner headed to war
I'm thinkin' 'bout my family and what it was for
There's water on the wood and the sails feel good
And when I get to shore I hope that I can kill good.

LYRICS:
silk scarf and a napkin
hidden in a drawer
two hundred bucks in an envelope
labeled Lenore

"maybe she shouldn't see this
she should never know,"
said the widow's best friend anne,
"i'll just take it and go
i'll give her the money later
say it was in his shoe
that way she'll never find out...
that'll do"

"carmichael was a credit to the force
in everything he did
it's like we got a big hole in our side
where he fit

if any of you officers
would like to say a word
now would be the time
to be heard"

"thank you chief, i sure would
he was a partner of mine
he was always very careful
and played it straight down the line"

one by one the officers spoke
and the service drew to a close
he had no living relatives
but his wife who never showed

she just couldn't face the men
they all understood
they got in their cars and drove home
as directly as they could

"carmichael you asshole,"
the new widow sobbed beneath her veil,
"shot down in the line of duty
is this how justice never fails?

i wish that things were better

when we said goodbye today
but we had our share of good times though
along the way

remember
'hey mr. las vegas
you used to be so cool!!'
we met wayne newton down at pebble beach
and you acted like a fool

but we both just couldn't stop laughin'
it seemed so funny to us
we left our luggage back in the room and almost missed the bus

that was a great vacation
maybe the best of all
but goddamnit carmichael you're dead now
and i'm talkin' to the wall"

the force got back to normal
carmichael was replaced
for one year nobody parked a car
in carmichael's space

He came dancing across the water
With his galleons and guns
Looking for the new world
In that palace in the sun

On the shore lay Montezuma
With his coca leaves and pearls
In his halls he often wandered
With the secrets of the worlds.

And his subjects gathered 'round him
Like the leaves around a tree
In their clothes of many colours
For the angry gods to see.

And the women all were beautiful
And the men stood straight and strong
They offered life in sacrifice
So that others could go on.

Hate was just a legend
And war was never known
The people worked together
And they lifted many stones
They carried them to the flatlands
And they died along the way
But they built up with their bare hands
What we still can't do today.

And I know she's living there
And she loves me to this day
I still can't remember when
Or how I lost my way.

He came dancing across the water
Cortez, Cortez
What a killer.

(Repeat to fade)
I don't like to go down to the flats
'Cause I can't park on a hill
Instead getting a rolling start
I have to pay the bill.
I guess I need that city life
It sure has lots of style
But pretty soon it wears me out
And I have to think to smile.
I'm thankful for my country home
It gives me peace of mind
Somewhere I can walk alone
And leave myself behind.
It's only someone else's potatoes
You pickin' someone else's patch
And if you go down there anyway
It very seldom lasts.
I found that out once long ago
And it sure got me confused
I still don't know which way to go
To lose those old spud blues.
I'm thankful for my country home
It gives me peace of mind
Somewhere I can walk alone
And leave myself behind.

COWGIRL IN THE SAND

Riff #1, at the song's introduction, is TABed. Each time played, Riff #1 is different. I have not TABed riff for each var. Riff #2 is also slightly different each time but only one variation is TABed.

The individual notes are played within the strum of the chord, with bass part of the chord being strummed sort of alternating with the TABed notes. Down stroke is accentuated.

TUNING: down 1 step (DGCFAD)

CRIME IN THE CITY

SUBMITTED BY: David M (davidjo@ozemail.com.au)
(via HyperRust.Org)

NOTES:
Firstly this song is played down a step ie tuned down.
With standard tuning = EADGBe,
Then CITC tuning = DGCFAD (to be in tune with the CD)
So the chords played are Bm & G, not Am & F but tuned down,
if you get my drift..
Play Bm with the index finger over the E & B strings, 2nd fret
and the thumb over the low E string, 2nd fret.
This is played, picking the notes while playing the chords.
If you play this in standard tuning it will be a step too high.
But tuned down, it will be in tune with the Freedom version...

Well, the cop made the showdown
Bm Bm A* G
He was sure he was right
Bm Bm A* G
He had all of the lowdown
Bm Bm A* G A Em
From the bank heist last night
A Em
His best friend was the robber
A Em
And his wife was a thief
A Em
All the children were killers
They couldn't get no relief
The bungalow was surrounded
When a voice loud and clear
Said, Come on out with your hands up
Or we'll blow you out of here.
There was a face in the window
The TV cameras rolled
Then they cut to the announcer
And the story was told.

The artist looked at the producer
The producer sat back
He said what we have got here
Is a perfect track
But we don't have a vocal
And we don't have a song
If we could get these things accomplished
Nothin' else could go wrong.
So he balanced the ashtray
As he picked up the phone
And said send me a songwriter
Who's drifted far from home
And make sure that he's hungry
Make sure he's alone
Send me a cheeseburger
And a new Rolling Stone.
Yeah.

There's still crime in the city,
Said the cop on the beat,
I don't know if I can stop it
I feel like meat on the street
They paint my car like a target
I take my orders from fools
Meanwhile some kid blows my head off
Well, I play by their rules
That's why I'm doin' it my way
I took the law in my hands
So here I am in the alleyway
A wad of cash in my pants
I get paid by a ten year old
He says he looks up to me
There's still crime in the city
But it's good to be free.
Yeah.

Now I come from a family
That has a broken home
Sometimes I talk to Daddy
On the telephone
When he says that he loves me
I know that he does
But I wish I could see him
I wish I knew where he was
But that's the way all my friends are
Except maybe one or two
Wish I could see him this weekend
Wish I could walk in his shoes
But now I'm doin' my own thing
Sometimes I'm good, then I'm bad
Although my home has been broken
It's the best home I ever had
Yeah.

D    A    G    A

Well, I keep gettin' younger
My life's been funny that way
Before I ever learned to talk
I forgot what to say
I sassed back to my mom
I sassed back to my teacher
I got thrown out of Bible school
For sassin' back at the preacher
Then I grew up to be a fireman
Put out every fire in town
Put out anything smokin'
But when I put the hose down
The judge sent me to prison
He gave me life without parole
Wish I never put the hose down
Wish I never got old.

But the training that he learned will get him nowhere fast.
And I know we should be free

But freedom's just a prison to me
(the moment that he cracked long ago)

'Cause I lied to keep it kind

When I left you far behind.

And though these wings have turned to stone
I can fly fly fly away.
Watch me fly above the city
Like a shadow on the sky.
Fly, fly, fly.

"that's an honest tale,"

one thing i can tell you
is you got to be free

john lennon said that
and i believe in love
i believe in action
when push comes to shove

"who cares what you believe,"
said the captain amazed,
"if you stood in my shoes
your eyes would be glazed"

so my fair damsel  greendale
won't you take your leave  greendale
are you headed for the country  greendale
where you wear the green sleeve  greendale

Wish you told me by and by,
Am                        Em
that my life would come to this. (oh-oh-oh-oh)
Em                        Am
That I'd have to find a way to let things go.

That my friends would turn to foes,
and my love could come to blows.
Then I would have done some things differently.

CHORUS:
G                                   C
(Differently) I would ask you out every night.
G                                   C
(Differently) And I would make you feel so good.
G                                   C
(Differently) And appreciate the things that you bring to me, babe.
G                                   C
(Differently) Oh yes I would, oh yeah.

Yeah, I know you tried and tried,
But your signal I just missed,
When you said my little girl would soon be gone,

Yes I didn't hear you then,
And it might be too late now,
That's another thing I'd do differently.

CHORUS:
(Differently) Like trying to make you feel loved every day.
(Differently) And saying little things to let you know how I feel.
(Differently) Yes I can hear your young voice calling me, babe.
(Differently) Oh yes I can.

BRIDGE:

When I 'm away I call you up,

C              G               D
But I know our love is still there in your heart,
Em
Just differently.
SOLO OVER VERSE CHORDS (SOMETHING LIKE THE RIFF)

D                A
And drove out to Winnipeg.

When we got to Winnipeg
I checked in to school,
I wore white bucks on my feet,
When I learned the golden rule.
The punches came fast and hard
Lying on my back in the school yard.

Don't be denied, don't be denied.
Don't be denied, don't be denied.
Don't be denied, don't be denied.

Well pretty soon I met a friend,
He played guitar.
We used to sit on the steps at school
And dream of being stars.
We started a band,
We played all night.

The businessmen crowded around
They came to hear the golden sound
There we were on the Sunset Strip,
Playing our songs for the highest bid.
We played all night
The price was right.

Don't be denied, don't be denied.
Don't be denied, don't be denied.
Don't be denied, don't be denied.

Well, all that glitters isn't gold
I know you've heard that story told.
And I'm a pauper in a naked disguise
A millionaire through a business man's eyes.
Oh friend of mine
Don't be denied.
Don't be denied, don't be denied.
Don't be denied, don't be denied.
Don't be denied, don't be denied.

Some people can't stand no rain
Some people can't stand no rain
When it's cloudy outside
You can't see the sun
But on a bright and sunny day
The people all go away
Except one
Oh no don't pity me babe
I know I'm alright
O yeah, I'm alright.

Don't see no tears around me
Don't see no tears around me
I don't take too much stock
In the things people say
I'm not saying that they're wrong
They've just been standing around too long
Gone bad,
Oh no, don't pity me babe
I know I'm alright
O yeah, I'm alright.

Can't ride my broom no more
Can't ride my broom no more
'Cause the landlady's taken
To sweeping the floor
I guess I'll go back to my place
And occupy a little space
John Doe,
Oh no, don't pity me babe
I know I'm alright
O yeah, I'm alright.
The streets are crammed, can't walk
Might find somebody and talk
I can't find nobody who
Say boo, guess who
'Cause that street is paved with aires
And everybody is putting on theirs
Can't breathe
Oh no, don't pity me babe
I know I'm alright
O yeah, I'm alright.

He's standing outside my door
He's standing outside my door
But he won't ring the bell
And he's just too scared to knock
And he's puzzled
And he's young
And he's doing what's already been done
One more
Oh no, don't pity me babe
I know I'm alright
O yeah, I'm alright.

Oh no, don't pity me babe
I know I'm alright.

Back in the country livin' on the Double E
In the sunshine of her life;

There's a ready young filly and mom and daddy won't let her leave;

But when they go out dancin'

She breaks out on her own.

REPEAT INTRO

VERSE:
When Edith and Earl renamed the Double E
They nearly made history;
The neighbours rose up and some of them were mad as hell
'Cause it used to be the Double L;

Change comes slow in the country
When you're new there's a lot of distrust
Years pass by uneventful,
And memories turn to dust...

REPEAT INTRO

VERSE:
Meanwhile granny has got her bright colours on
The sunshine in her eyes;
Cruisin' by the bars and honky tonks where she met grandpa
And caught that young man's eye;

Dusty white Eldorado
Cruisin' through the trees
Slippin' through the shadows
Of what used to be...
Back in the day       livin' in the summer of love

D5 (strum)
livin' in the summer of love;

Grandma's ok but not the same since grandpa's gone
She's livin' in the summer of love;

Back in the day livin' in the summer of love
Livin' in the summer of love;
Livin' in the summer of love;
Back in the day livin' in the summer of love

Livin' in the summer of love.

G                                  C
Ev'ry time you touch her sets your hands on fire,
G                                  C
and ev'ry thing you've got is all that she requires.
B
And you hang on, hang on, hang on
D
to the words of a lier.
C                D           G      C
You can feel it's getting down to the wire.

G
All the hurt you thought was gone has now returned,
and ev'ry thing she's laughing at is all you learned.
And you let go, let go, let go,
'cause you know you're getting tired.
Can you feel it getting down to the wire?

G
Take the time to close your eyes and look around,
'cause anyone who helped you out can let you down.
And look out, look out, look out;
the voice is now the choir.
Can you feel it getting down to the wire?

it's gonna give you a chill

Give your money to the gate man

NOTES: from Wolfgang
I play the Em as (075400) and that sounds really cool!
The D4 can be played as x54030 and is a D4add9 then.
It was questioned if it's D4 throughout the song (and not plain D),
but somehow consensus wasn't found. Play it as you like!

EXPECTING TO FLY

TUNING: DGCFAD

There you stood on the edge of your feather
Expecting to fly
While I laughed, I wondered whether
I could wave goodbye
Knowin' that you'd gone
By the summer it was healing
We had said goodbye
All the years we'd spent with feeling
Ended with a cry
Babe, ended with a cry
Babe, ended with a cry

I tried so hard to stand
As I stumbled and fell to the ground
So hard to laugh as I fumbled
And reached for the love I found
Knowin' it was gone
If I never lived without you
Now you know I'd die
If I never said I loved you
Now you know I'd try
Babe, now you know I'd try
Babe, now you know I'd try
Babe

CORRECTIONS BY: Fredrik Johansson (redsun@reacte.com)

This song is originally played on the organ. But sounds pretty good on a guitar. Try playing it with a lot of reverb. For a neat undertone effect try having a friend playing the chords lightly with some distortion and feedback.

BRIDGE 1:
Gmaj7 / C (x3)
G Gsus4/G (x4)

Grandpa held the paper
Pretending he could see
But he couldn't read

Without his glasses on.
How can all these people
Afford so many things?
When I was young people wore
What they had on.

Anda Mama said, A little love and affection
In everything you do
Will make the world a better place
With or without you.
A little love and affection
In everything you do.

BRIDGE 2:
Gmaj7 / C (x2)
G Gsus4/G (x4)

Slamming down the late night shot,
The artist and the hero compare
Those envisions and afterthoughts
For the twenty-first century;
Mostly came up with nothing
And the truth was never learned
And the human race just
Kept rollin' on.

Rollin' through the fighting
Rollin' through the religious wars
Rollin' down the temple walls
And the churches' exposed sores.
Rollin' through the fighting
Through religious wars
Mostly came up with nothing

BRIDGE 3:
Gmaj7 / C (x2)
G Gsus4/G (x4)

Grandpa, here's your glasses;
You'll see much better now,
Said that young girl
Of Edith and Earl's.
Grandpa just kept starin'
He was lost in some distant thought
Then he turned and he said
To that young girl:

A little love and affection
In everything you do
Will make the world a better place
With or without you.

With or without you,
A better place.
With or without you,
With or without you.

BRIDGE 4:
Gmaj7 / C

Hear that rooster crowin'
Down on the Double E
It's a new morning
Dawning on the green.
Bouncing off the towers,
The sun's heading down to the streets
The business meeting
Window shades are drawn.
Another morning edition
Is headed for the porch
Because Grandma puts down the paper
Before Grandpa raises his fork.

A little love and affection
In every thing you do,
With or without you

Hear the rooster crowin'
Down on the Double E.

FIND ANOTHER SHOULDER

SUBMITTED BY: Fredrik Johansson, Red Sun

NOTE:
This song is an ordinary blues using the chord structure: F  B♭  C

Improvise a lot, throw in a few sax solos and you're a candidate for best Neil imitation...

I told you babe once before
Don't want you hangin'
around my door
You better find another shoulder
Find another shoulder
Find another shoulder
'Cause honey,
I don't love you anymore.

I told you babe, you're no good,
Don't want you messin' up my neighborhood.
You better find another shoulder
Find another shoulder, babe
Find another shoulder
'Cause honey,
I don't love you anymore.

Ah, here's your
ticket for the coast,
start light,
Leave here baby,
stay out of sight.
You better find another shoulder
Find another shoulder
Find another shoulder
'Cause honey,
I don't love you anymore.

Find another shoulder
Find another shoulder
You better find another shoulder
'Cause honey,
I don't love you anymore.

I told you baby, once before
Don't want you messin'
outside my door
You better find another shoulder
Find another shoulder
Find another shoulder
'Cause honey,
I don't love you anymore.
INTRO: F

F
Today's the day our younger son
Bb            F
Is going off to war
F
Fightin' in the age old battle
Bb              F
We've sometimes won before
C
Flags that line old main street
Gm             Bb

F                 C                F
These must be the flags of freedom flyin'

Church bells are ringin'
As the families stand and wave
Some of them are cryin'
But the soldiers look so brave
Lookin' straight ahead
Like they know just where they're goin'
Past the flags of freedom flyin'

Sister has her headphones on
She hears the music blasting
She sees her brother marchin' by
Their bond is everlasting
Listening to Bob Dylan singin'
In 1963
Watching the flags of freedom flyin'

She sees the president speakin'
On a Flat-screen TV
In the window of the old appliance store
She turns to see her brother again
But he's already walkin' past
The flags of freedom flyin'

C
Have you seen the flags of freedom?
Bb            F
What color are they now?
C
Do you think that you believe in yours
Bb              F
More than they do theirs somehow?
F                 C                F
When you see the flags of freedom flyin'

Today's the day our younger son

And went from cell to cell;

Battle drums were pounding
All around her car;
She saw her clothes were changing
In the sky and stars.

And Earl is glad you guys showed up.
C add9        Am add4
The way things are downtown,
C add9        Am add4
You might have to stay for a while,
C add9        Am add4
There was a helicopter hovering over your house
G7 sus4       C add9*
When I talked to your neighbor Kyle.

Who the hell do they think they are,
Invading our home like that?
Grandma and I had to leave so fast,
We couldn't even catch the cat.
The helicopter scared the shit out of him,
And it took off down the trail,
Down past the railroad track,
Towards the county jail.

BRIDGE 1:
C add9 / Am add4 (x3)
G7 sus4 / C add9*

Jed, you really screwed up now!
What did you have to do that for?
Everybody wants to hang your ass,
And here's a note from Lenore.
Sun touched the cold steel bars
As she pushed the paper in.
Jed took it up and read it
And he couldn't hide a grin.

Outside the jail window
A crow flew across the sky,
Completely disappearing behind each bar,
Then a helicopter flew by.
Say hi to Earl and Edith.
Tell 'em I'm doing fine.
Tell 'em you're ready to leave home now,
They should cut the line.

Can Grandma come and see me?
I got a new song to sing
It's longer than all the others combined
And it doesn't mean a thing.

BRIDGE 2: (x2)
C add9 / Am add4 (x3)
G7 sus4 / C add9*

The noise was unfamiliar,
Walkie-talkies squaling,
Generators were running,
Vans parked in the field.

TV crews and cameras,
They wanted to interview Grandpa on the porch.
They came through the gate and up on the lawn
Knocking down Edith's Tiki Torch.
And Grandpa saw them there,
Looking through the venetian blind.
Those people don't have any respect,
So they won't get any of mine.

I ain't wanna talk about Jed.
I don't watch channel 2 or 6 or 9.
I don't have time to talk that fast,
And it ain't my crime.

It ain't an honor to be on TV
And it ain't a duty either.
The only good thing about TV
Is shows like 'Leave it to Beaver'.

Shows with love and affection,
Like Mama used to say.
A little Mayberry living
Could go a long way.

He took Earl's gun down from the closet,
Loaded up both barrels.
Went out on the porch and fired 'em off,
And up walked a woman named Carol.

Susan Carol from Early Magazine,
I got some questions to ask.
Well you can stick 'em where the sun don't shine!
Grandpa said with a gasp.

Then he fell face first and let out a sigh,
Edith came out in shock.
Grandpa was whispering to her from down on the floor,
he looked like he was trying to talk.
That guy just keeps singin'!
Can somebody shut him up?
I don't know for the life of me
Where he comes up with that stuff.

BRIDGE 3: (x3)
C add9 / Am add4 (x3)
G7 sus4 / C add9*

They laid his head on a newspaper
With a picture of Carmichael on the front page,
Posing with the little league baseball team,
And a seedy shot of Jed with a motorcycle.

Grandpa died like a hero,
Fighting for freedom of silence,
Trying to stop the media,
Trying to be anonymous.

Malc's Postscript:
I personally like to play it in a standard slack D, DGCFAD,
but avoiding the 6th string most of the time. This enables
me to play the solo section tabbed below on one guitar
and gives a good feel, IMO, for what is happening on record
using several guitars. To play it this way use the chord=20
shapes below and play the solo section between verses.

VERSE 1:
E
Ev'ry...

E
Ev'ry time you're feelin' fine
E
Got another good one on the line
D
It slips away, you feel it slip away, slip away
I don't want no more from you
Won't do what you want me too
Turn me loose, come on, turn me loose, turn me loose

Ev'ry time I'm feelin' good
The phone rings and I knock on wood
Hoping that it won't be you, calling like you always do

All you ever seem to say
Is how much bad luck came your way
You won't try to start again, you just count on your old friends

CHORUS:
Don't tell me
Hard luck stories
And I won't
Tell you mine

VERSE 2:
Now you call up every day
Got no money, no place to stay
That girl made a mess of you, you got what was comin' too

Build her up, and let her down
Tastin' everything in town
Treat her right, you never treat her right, treat her right

Now she's gone and you're alone
Bit your fingers to the bone
Slip away, you feel it slip away, slip away

You don't know what's going on
How you lost it, what went wrong
What ever happened too the love that you once knew

CHORUS:
Don't tell me
Hard luck stories
And I won't
Tell you mine

Don't tell me
Hard luck stories
And I won't
Tell you mine

HARP: G

NOTATION:
a number alone means blow through that hole
eg. 6 = blow through hole 6

a number with a - in front of it indicates a draw note
eg. -3 = draw through that hole

brackets (4) = play it or not: as you feel it

numbers like this: 4 indicate a chord (blow 4 & play
(5) 5 if you want, just emphasize 4)

INTRO SOLO:
5  6 -5  5 -4  4  3
   (3)(2)
6  7 -6  6 -6  6  5
   (4)
4  4  4  5  5  6  6  6 -5  5  4

1st SOLO:
5  6  6 -5  5 -4  4  3
(4)  -3  (4)
7  7 -7  7 -6  6 -6  6  5
(8)(8)(-6)(6)
**7  7  6  6  5  4  4 -3  4 -4  4 -4  5  5 -4  4
   (6)(6)(5)(5)(4)(4)(3)(3)(-4) 3  (4) 4

** The brackets around the first 9 chords are less important so
play both notes for a truer and deeper sound
FINAL SOLO:
7 7 7 6 7 6 6 6 6 6 4
(6)(6)
5 6 4 6 4 6 5 -5 5 -5 5 4 4 4
(6) (-4)(4)(-4)(4)(5) 5 5
7 6* 7 6 6 6 6 5 -4 4

Neil does something weird here like a trill or maybe he coughs or something, anyway I can't figure it out, but it sounds like he plays the note almost 7 times really quickly

VERSE 2:
My friends all tell me
I got daggers in my eyes
There's an anger in my heart

I'm mad as hell at something
That I don't understand
Thank God I'm on the road tonight
With this old hillbilly band.

CHORUS:

E A
Flying over the Rio Grande?
E
Thank God I'm on the road tonight
B E

VERSE 3:
I swear that The Devil
Came visiting me last night
Surrounded my old stagecoach
With his eerie light
He was pounding on my windows
Rattling my wheels
I may not be The Devil
But I know just how he feels.

HITCHHIKER

SUBMITTED BY: Harlan Leslie Thompson (harlant@hawaii.edu) (via HyperRust.Org)

Em(7)
When I was a hitchhiker on the road I had to count on you
D            Em(7)
But you needed me to ease the load and for conversation too
D                    C            Em
Or did you just ride on through

You didn't see me in Toronto when I first tried out some hash
Smoked some then and I'll do it again if I only had some cash
Only had some cash

Then I tried amphetamines and my head was in a glass
Taped underneath the speedometer wires of my '48 Buick's dash
But I knew that wouldn't last

CHORUS #1:
C            G               C              G
Then came California, where I first saw open water
C            Em7         D                  Em7
In the land of opportunity, I knew I was getting hotter
D                  C
I knew I was getting hotter

But the neon lights and the endless nights
The neon lights and the endless nights
The neon lights and the endless nights
They took me by surprise
The doctor gave me valium but I still couldn't close my eyes
I still couldn't close my eyes

CHORUS #2:
Then came paranoia and it ran away with me
I couldn't sign my autograph or appear on TV
Or see or be seen, see or be seen
Or see or be seen

G
Living in the country sounded good to me
D           Em
Smoking grass while the summer lasts in the real organic scene
D           C                     Am   Em
Where everything was green everything was green

Then we had a kid and we split apart I was living on the road
A little cocaine went a long long way to ease that different load
But my head did explode, my head did explode

CHORUS #3:
I wish I was an Aztec or a runner in Peru
I would build such beautiful buildings yo house the chosen few
Like an Inca from Peru

When I was a hitchhiker on the road I had to count on you
But you needed me to ease the load and for conversation too
Or did you just drive on through, did you just drive on through
Did you just drive on through
When I was a hitchhiker on the road
HOLD BACK THE TEARS

VERSE 1:
F                                         C     F
Hello my old friend, it's good to see you smiling
F
You've been around so long, you must be strong
C
And single life really has its fine points
F
Like friends to help you out when things go wrong

CHORUS:
Bb  F                         Bb
Hold back the tears that you've been crying
C
Push off the fears when they come around
F         Bb  F                    Bb
Hold back the tears and keep on trying
F              C                 F
Just around the next corner may be waiting your true love

VERSE 2:
Two lying fools, and then four crying eyes
Counting on one another to survive
Crazy love must surely have this pain
If getting it up means going down again

Neil's guitar is tuned down a tone to DGCFAD.

Over the intro sections the lead guitar is playing the following repeatedly:

F|--12-----|

followed by a one note solo on the open bass string.

There are ad lib embellishments to the Em chords, usually changing to an Em7 by either adding --3-- on the 5th string during the intro sections, or playing the 3rd string open during the verses.

NOTES:
Here it is with revised lyrics. I listened again armed with
the fresh lyrics and, strange as it seems, it does appear to
be "bungalow with stucco" and "sunset spa". The only word I'm
not happy with is the "body line" at the end of the 2nd line
2nd verse, but I can't think of anything better, maybe
something to do with eyes?

LYRICS:
out on the old coast highway
flyin' through the night
jed got stopped by the CHP
for speedin' and no brake lights

rolled down the drivers window
slipped his gun down under the seat
glove box full of cocaine
trunk was full of weed

"driver's license and registration,"
said the officer with his flashlight
searchin' around the floor of the car
smellin' like somethin' ain't right

jed's life flashed before him
like a black and white super 8
he heard the sound of the future
on a scratchy old 78

nothin' was still, all was movin'
when the flashlight found the gun
then jed pulled the trigger
in a split second tragic blunder

"makes you think about livin'
and what life has to tell,"
said jed to grandpa
from inside his cell

camouflage hung in his closet
guns all over the wall
plans for buildings and engineers
and a book with no numbers at all

the whole town was stunned
they closed the coast highway for 12 hours
no one could believe it
jed was one of ours

meanwhile across the ocean
living in the internet
is the cause of an explosion
no one has heard yet

but there's no need to worry
there's no reason to fuss
just go on about your work now
and leave the driving to us

and we'll be watching you
no matter what you do
and you can do your part
by watching others too

grandpa put down the paper
staring in disbelief
jed had always been good to him
and never gave him any grief

"the moral of this story
is try not to get too old
the more time you spend on earth
the more you see unfold

and as an afterthought
this must to be told
some people have taken pure bullshit
and turned it into gold"

And bend the facts to fit with their new story
Of why we have to send our men to war

Let's impeach the president for spyin'
On citizens inside their own homes
Breaking ev'ry law in the country

What if Al Qaeda blew up the levees,
Would New Orleans have been safer that way?
Sheltered by the government's protection
Or was someone just not home that day?

This one is full of guitar and a big horn section. I've tabbed out the main rhythm/bass parts, with the horn parts enclosed in brackets. But Neil seems to be adding a few little things here and there on Ol' Black, such as this during the intro/verse riff:

Lookin' for a leader
F#  G#m
To bring our country home
G#m
Re-unite the red white and blue
F#  G#m
Before it turns to stone

E
Lookin' for somebody
B  F#
Young enough to take it on
G#m
Clean up the corruption
F#  G#m
And make our country strong

Walkin' among our people
There's someone who's straight and strong
To lead us from desolation
And a broken world gone wrong

Someone walks among us
And I hope he hears the call
And maybe it's a woman
Or a black man after all

Yeah maybe it's Obama
But he thinks that he's too young
Maybe it's Colin Powell
To right what he's done wrong

America has a leader
But he's not in the house
He's walkin' here among us
And we've got to seek him out

Yeah we've got our election
But Corruption has a chance
We got to have a clean win
To regain confidence

AMERICA is beautiful
but she has an ugly side
we're lookin' for a leader
in this country far and wide

We're lookin' for a leader
With the Great Spirit on his side

Someone walks among us
And I hope he hears the call
And maybe it's a woman
Or a black man after all

(jammin' over F ...)

NOTE:
For the chord archives, it should be noted that this "jammin' over F" is on a C-major scale, with a B-natural and no B-flats (the Lydian mode, if you like that terminology).

This is essential for the distinctive feel of that long jam at the end: the main song is in C, but (briefly) modulates into F for the beginning of the chorus, which then helps it "sound okay" to land on F for "Some roads...". That F sounds temporary at first, but when the bass stays on F so strong so long, F gradually begins to feel like "home", like chord I. But the notes Neil solos on are still notes from the C-major scale, "left over" from the early part of the song. This puts the song in a somewhat exotic place, harmonically, which I suspect is part of why people have strong reactions to it, both positive and negative. (I love how all that works, like magic.)

LOVE ART BLUES

SUBMITTED BY: Tom Hambleton (tah@scruznet.com) (via HyperRust.Org)

NOTES:
During the verses try holding down the chords and use your pinkie to add the melody notes. For example the first bar of notes correspond to the line "I've got the love art" and then strum thru "Blues", etc.

Don't know which on to choose,

With these love art blues.

I went and played too hard,

Between the best things I ever had.

D               D
I spilled my promise cup,

Now the distance slides,

Between you and I.

LOVE HOTEL

SUBMITTED BY: Charlie Macon (planosol@yahoo.com)

NOTES:
Improvisation on these basic chord shapes is encouraged. This song is a lot of fun to play. The numbers used in the chord shapes below are relative to the capo'd first fret, so a "3" is 3 frets above the capo'd first fret. Sheez, with a 2 fret drop in tuning and a one fret addition with capo, what is called "G" below is actually an F#.

Use dropped standard tuning & add capo to first fret. "T" is an optional thumb position for the low string. Play whichever pattern you want for "G" and "F".

NOTES:
Neil plays this on piano but it sounds pretty good on guitar.
I play it on a 12-string and sort of pluck the chords and let
them ring rather than strumming them.

NOTES:
* This is a bonus track from the CD version of 4 Way Street.
* After the recent discussion about the various bits of this song I thought I'd try and piece together the whole thing.
* The Loner and Cinnamon Girl sections are based on the submissions on HyperRust from David M (davidjo@ozemail.com.au) and Howard Wright (H.Wright@astro.cf.ac.uk) respectively, and thanks also to doleary@med.wayne.edu for the Am7 hammer-on in The Loner.
* DBTR is my own offering.
* The D5 ad lib sections are basically a series of hammer-on and pull-off embellishments to the open strings while playing the chord D5.
* In The Loner, the Am7/E marked * indicates a hammer-on on the top string of --5h7-- just prior to changing back to Gm7/D.
* Any comments or corrections, or further acknowledgements required, are most welcome.
* And, in the words of the man himself: "It's all one song."

MISFITS

1st VERSION SUBMITTED BY: Charlie Coombs (GUNGBG@aol.com)
2nd VERSION SUBMITTED BY: Chuck Singer (chuck@goofy.interface.com)

NOTE:
As recorded on the Old Ways album, it really is not a guitar song.
In fact, I think the only instruments used are a standup bass, some strings, some odd percussion, piano? and a bit of banjo.
And just what is that in between the verses??? A human voice heavy on reverb???: Anyway, the following represents the chords that a guitarist could have used to strum along with the song.
In some places it sounds cool to "walk" from one chord to the next

INTRO:   F

VERSE 1:
F          Bb          F
Up in that new space station
F      Bb          F
Living Kennedy's dream
F                      C
There was an automatic camera
C               F
Shooting elephantine
F         Bb         F
While the crew was relaxing
F          Bb       F
Before the video screen
F            Dm
Watching old reruns
Bb            C   F   C   Bb
The voice of Houston calling
Bb
Brought them back to the scene
Bb
They said the sky is falling
Bb                    F
Do you know what that means?

VERSE 2:
Out on that Texas sidewalk
Through the hotel mezzanine
There walked a see-through hooker
To a suite with 2 T.V.s

But by the elevator
She began to sneeze
With an attack so uncontrollable
It brought her to her knees

And then the hotel doctor
With nurse and stethoscope
Announced the worst is over
But for her there is no hope
VERSE 3:
Way down in South Dakota
On the Needles highway
There's a lone red rider
On the road today

And though his war is over
He's fighting on anyway
Although he's seldom sober
He's drinking whiskey all day

Down in that old box canyon
Where only misfits can go
He rides with no companion
But saloon and rodeo

VERSE 1

NOTE:
Someone had posted an accurate chord version of Misfits. I performed this with *SR* member Paul Gase for the Zain's Glasses upcoming tribute. I made it a bit more guitarist friendly because as the previous poster stated, it's not really a guitar song.

I tuned my guitar down a whole step and so I guess it's being played in C.

INTRO: G x4

CHORUS:
Have you ever been lost, have you ever been found out?
Have you ever felt all alone at the end of the day
Yeah, I'm talking 'bout getting down,
Take it easy there's no one around
Just a mirror and you and me and the TV screen

VERSE:
I was walking down Main Street,
Not the sidewalk but Main Street
Dodging traffic with flying feet, that's how good I felt
Took a spin at the laundromat, played a game at the music arcade
Kept winning while the band played, that's how good I felt

CHORUS:
Have you ever been lost, have you ever been found out?
Have you ever felt all alone at the end of the day
Yeah, I'm talking 'bout getting down,
Take it easy there's no one around
Just a mirror and you and me and the TV sky

VERSE:
Have you ever been singled out by a hungry man?
You're listening to the radio, he's washing your windows
When you look in those vacant eyes, how does it harmonize
With the things that you do

CHORUS:
Have you ever been lost, have you ever been found out?
Have you ever felt all alone at the end of the day
Yeah, I'm talking 'bout getting down,
Take it easy there's no one around
Just a mirror and you and me and the TV screen

VERSE:
There's a comet in the sky tonight,
Makes me feel like I'm all right
I'm moving pretty fast for my size
I really didn't mean to stay as long as I have
So I'll be moving on

NOTES:
This acoustic version is taken off the Solo Trans video.
It uses the "Dropped D" tuning, though it can be played in
standard tuning easily enough if you use conventional chord
shapes, as the main riff doesn't really use the 1st or 6th strings

NOTES:
Actually, the D5 is a chord without 3rd and in some songbooks
called "D(no 3rd)". But D5 is shorter. :-). In the original TAB
from Malc it was called Dm because this would be the chord to
play in standard tuning.

INTRO: (play 6 times)
Em   C   D   Bm

Em                   C
In a dusty town the clock struck high noon,
D
Two men stood face to face.
Em                 C
One wore black and one wore white,
D
But of fear there wasn't a trace.
Em                   C
Two hundred years later two hot rods drag
D
Through the very same place,
C
And a half a million people
G                    D
They moved in and picked up the pace.
C
A factory full of people,
G                    D
Makin' parts to go to outer space.
C
A train load of people,
G                   D
They were leaving for another place.
C
Out of town people,
D
Yeah, yeah.

There's a man in the window with a big cigar,
Says everything's for sale,
The house and the boat and the railroad car,
The owner's gotta go to jail.
He acquired these things from a life of crime,
Now he's selling them to raise his bail.
He was ripping off the people,
Selling guns to the underground.
Living off the people,
Skimming the top when there's no one around.
Trying to help the people,
Lose their ass for a piece of ground.
Patch-of-ground people,
Yeah, yeah.

He was dealing antiques in a hardware store,
But he sure had a lot to hide.
He had a backroom full of the guns of war,
With the rack and ammunition beside.
Well, he walked with a cane, kept a bolt on the door,
With five pit bulls inside.
A warning to the people,
Who might try to break in at night.
Protection for the people,
Selling safety in the darkest night.
Trying to help the people,
Get the drugs to the street alright.
Trying to help the people,
Yeah, yeah.

Intro (played 4 times)

It's hard to tell where a man goes wrong,
It might be here and it might be there.
What starts out weak might get too strong,
If you can't tell foul from fair.
But it's hard to judge from an angry throng
A fist stretched up into the air.
Vigilante people,
Taking the law into their own hands.
Conscientious people,
Cracking down on the drug lord's bands.
Government people,
Confiscating all the dealer's lands.
Patch-of-ground people,
Yeah, yeah.

Down at the factory,
They keep putting new windows in.
The vandals made a mess of things,
And the homeless just walked right in.
Well, they worked here once and they live here now,
But they might work here again,
They're everyday people,
They've been living in a nightmare.
Ordinary people,
And they don't know how they go there.
Hard working people,
And they think that you don't care.
Patch-of-ground, patch-of-ground people,
Yeah, yeah.

Out on the assembly line,
They keep putting the same things out.
The people today, they just ain't buying,
Nobody can figure it out.
Well, they try like hell to build the quality in,
And working hard without a doubt.
They're ordinary people,
But the dollar's what it's all about.
Nose-to-the-stone people,
But the customers are walking out.
Lee Iacocca people,
Well they look but they just don't buy.
Hard workin' people,
Yeah, yeah.

Intro (play 8 times)

Two out of work models and a fashion slave
Try to dance away the Michelob night.
The bartender poured herself another drink
While two drunks sat watchin' the fight.
Well, the champ went down, then he got up again.
And he went out like a light.
He was fighting for the people,
But his timing wasn't right.
The Las Vegas people,
They came to see a Las Vegas fight.
High rolling people,
Taking limos through the neon night.
The Donald Trump people,
Yeah, yeah.

Well, a new Rolls Royce and a company car,
They went rolling down the street.
Each one trying to make it to the gate
Before employees man the fleet.
With trucks full of products for the modern home,
Set to roll out into the street.

Downtown people,
Trying to make their way to work.
Everyday people,
Some are saints, and some are jerks.
Hard workin' people,
Stopping for a drink on the way to work.
Alcoholic people,
Yeah Yeah, they're taking it one day, one day at a time.

Intro (play 4 times)

Out on the railroad track,
They're cleaning up number nine.
They're scrubbing the boiler down,
She really is lookin' fine.
Things'll be different soon,
They're gonna bring her back on line.
Ordinary people,
They're gonna bring the good things back.
Hard working people,
Put the business back on track.
All kinds of people,
I got faith in the regular kind.
Patch-of-ground people.

NOTES: I often get out of C#m too fast. It lasts a whole measure. I put in measure markers with \|. When going from a chord to its maj7, hit the maj7 on the upstroke for good timing.

I just got my hand out of a cast and am enjoying playing and being able to type again. I have been playing left handed piano for 7 weeks though and transposed the archive version of Philadelphia up a whole step (since the the tuning for that version is drop standard, i.e., DGCFAE). That version is right on the money by the way. I was thinking, a lot of us might not play piano and I know I hardly ever tune ALL my strings down a step. So if you play the archive version in standard, it might be way too high (unless you have some vice grips). If you transpose that version down, the fingering gets tough with things like Eb, Bb, and Ebmaj7. Also, it might still be too high for a lot of our voices. Here's a way to play it in standard tuning that's pretty easy, is 3 half steps flat (for easier singin'), and is right on with a 3rd fret capo. It's just a transposition of what's in the archive but I thought it might be handy to have it written down.

NOTES:
Note from Malc: I have 2 versions of Pocahontas on offer here, one from RNS and the other from Unplugged.

COMMENT ABOUT THE UNPLUGGED VERSION:
Neil occasionally uses exaggerated chord changes which result in open strings being played between chords. This is very evident in the harmonica solos between verses.

NOTES:
Y'all can figure out what position the chords are in. I do
the A in open position, but you might wanna try barre. I play
the Bs are barres, but on the final line of the bridge, the
D D/C# B part, I play the B as a barre w. the high B and E strings
open.. I just forgot what it was called.
Also, the bridge may or may not be right -- I'm not sure about
the D/C# chord. I play it like this: x4x232
But it may be a straight C#, or something else completely.
The solo is just in the E scale, pretty easy to improvise.

QUIT (DON'T SAY YOU LOVE ME)

NOTES:
The tab should be fairly spot on, if you have any issues w/ its validity please feel free to let me know. You're welcome to re-arrange the placement of the chord names above the lyrics, with this song it's hard to match them up... If you want to retitle the 2 G chords (the G at the 10th fret is just G, the regular barre G is G(3) ..) go ahead...

There's only 2 primary riffs in this song, both are the same chords played in a different rhythm, with different octave G chords in each (and a C chord between verse/chorus).

Do it over again in the same old way
From now on

CHORD PROGRESSION: F#  C#  B

Trippin' down that old hippie highway
Got thinkin' 'bout you again
Wonderin' how it really was for you
And how it happened in the end
But I guess I'll never know the truth
If you were really all alone

We were just a couple of kids then
Livin' each and every day
When we both went down to register
We were laughin' all the way
That's when we named it Hippie Highway
I still call it that today

BRIDGE: C#  B  F#  Bbm  B  C#

I still call it that today
Two camaros racin' down the road
Feels just like yesterday

Roger and out good buddy
I feel you in the air today
I know you gave for your country
I feel you in the air today

I think the riffs are pretty close, but may not be exact,
especially on the Em and G parts (are there some chord variations
in here that I'm missing?).
This same riff, or variations thereof, is also
played between the chorus and verses.
Also, for a fuller sound, (like when playing solo), an
alternate version of the riff is provided below.

Media images slaves
Live by random selection

Who will you love
In a world of constant strangers

NOTES:
This one is very easy, only 3 chords! Sorry if it seems lazy,
but I didn't even attempt to write out every change from A to
G to A to G.....it's just the general idea.

SOLO: (from John Kitamura)
The trick is that the solo over the D chord isn't done in the D maj
scale, but in the A maj scale.As an example, over the D chord, you
can play the solo (on the high-pitch E string) as:

--4-4-5-----4-5-7--0--2--5-2-----4-5-7--9--10---0-2--
--4-5-7--10--15----14----12---10-- then go wild.

INTRO: G A G A G A G A G
G A G A etc....
Last night I was cool at the pool hall
Held the table for eleven games
Nothing was easier than the first seven
I beat a woman with varicose veins.

D
She stopped to see herself in the mirror
D
Fix her hair and hide heir veins
D    G
And she lost the game.

A G A G A G A G etc...
Next day I went to the dentist
He pulled some teeth and I lost some blood
We'd like to thank you for the cards you sent us
My wives and I were all choked up.

GUITAR SOLO:  D       G
A G A G etc....
I recall how Caesar and Cleo
Made love in the Milky Way
They needed boats and armies to get there
I know there's a better way.

D
I saw the movie and I read the book
D
But when it happened to me
D
I sure was glad I had what it took
G
To get away.

A G A G A G A G etc...
Gotta get away, gotta get away
Gotta get away, gotta get away

GUITAR SOLO:  D          G

A G A G A G etc....
I'm making another delivery
Of chemicals and sacred roots
I'll hold what you have to give me
But I'll use what I have to use.

D
The lasers are in the lab
D
The old man is dressed in white clothes
D
Everybody says he's mad
D       G       A
No one knows the things that he knows.

A G A G A G etc....
No one knows, no one knows
No one knows, no one knows

A G A G A G etc....
I'm sleepin' in every hallway
I just can't accept the stares
I'm using too many covers
I'm warm now so I don't care.

D
I'm thinkin' of no one in my mind
D
Sedan delivery is a job I know I'll keep
D             G
It sure was hard to find.

NOTES:
I've transcribed this song from live video recording and from what I heard on album. Versions are very similar.

Song is based on a main bass riff (Bm or B5 chord), chorus with descending chord progression and the bridge. Use light overdrive with warm and round bass sound. Neck pick-up position.

Well, there's a clown in a carnival
He rode a painted horse
He came from somewhere out west
He was very funny of course
But that is not what I noticed
It was the incredible force
With which he held his audience
While he rode on his horse
His jokes were not that off-color
His smile was not that sincere
His show was not that sensational
Reasons for success were not clear
But he still made big money
One day the circus was his
Now he's married to the acrobat
And they're training their kids

C G F G
Am G Am (a couple of times)

Now the jailhouse was empty
All the criminals were gone
The gate was left wide open
And a buck and fawn
Were eating grass in the courtyard
When the warden walked in
And took a rifle
from the prison guard
And said to him with a grin
To shoot those deer
would be stupid, sir
We already got 'em right here
Why not just
lock the gates and keep them
With intimidation and fear?
But the warden pulled the trigger
And those deer hit the ground
He said nobody'll
know the difference
And they both looked around.
Yeah.

C     G     F     G

Well, the cop made the showdown
He was sure he was right
He had all of the lowdown
From the bank heist last night
His best friend was a robber
And his wife was a thief
All the children were murderers
They couldn't get no relief
The bungalow was surrounded
When a voice loud and clear
Come out with your hands up
Or we're gonna blow you out of here
There was a voice in the window
TV cameras rolled
Then they cut to the announcer
And the story was told.
Yeah.

C     G     F     G
Am  G  Am (a couple of times)
Am  F  (x4)

Well, the artist
looked at the producer
The producer sat back
He said what we have got here
Is a pretty good track
But we don't have a vocal
And we still don't have a song
If we could just
get this thing accomplished
Nothin' else could go wrong
So he balanced the ashtray
And he picked up the phone
said Send me a songwriter
Who's drifted far from home
And make sure that he's hungry
And make sure he's alone
send me a cheeseburger
And a new Rolling Stone
Yeah.

C     G     F     G
Am  G  Am (a couple of times)
Am  F  (x4)

Well, the Sioux in Dakota
They lost all of their land
And now a basketball player
Is trying to lend them a hand
Maybe someday he'll be president
He's quite a popular man
But now the chief has reservations
And the white man has plans
There's opposition in Congress
The bill is up against cash
There's really no way of predicting
If it will fly or it will crash
But that's the nature of politics
That's the name of the game
That's how it looks in the tepee
Big winds are blowing again
Yeah.

C   G   F   G
Am  G  Am (a couple of times)

There's still crime in the city
Said the cop on the beat
I don't know if I can stop it
I feel like meat on the street
They paint my car like a target
I take my orders from fools
Meanwhile
some kid blows my head off
Well, I play by their rules
So now I'm doing it my way
I took the law in my own hands
Here I am in the alleyway
A wad of cash in my pants
I get paid by a ten year old
He says he looks up to me
There's still crime in the city
But it's good to be free
Yeah.

C   G   F   G

Well I come from a family
That has a broken home
Sometimes I talk to my daddy
On the telephone
When he says that he loves me
I know that he does
But I wish I could see him
Wish I knew where he was
But that's
the way all my friends are
Except maybe one or two
Wish I could see him this weekend
Wish I could walk in his shoes
But now I'm doin' my own thing
Sometimes I'm good, then I'm bad
Although my home has been broken
It's the best home I ever had

C   G   F   G
Am  G  Am (a couple of times)
Am  F (x4)
Well, I keep getting younger
My life's been funny that way
Before I ever learned to talk
I forgot what to say
sassed back to my mummy
sassed back to my teacher
got thrown out of Sunday School
For throwin' bibles at the preacher
When I grew up to be a fireman
I put out every fire in town
Put out everything smoking
But when I put the hose down
The judge sent me to prison
Gave me life without parole
Wish I never put the hose down
I wish I never got old.

SOUL OF A WOMAN

SUBMITTED BY: Fredrik Johansson, Red Sun

NOTE:
Ordinary blues using C, F & G. Listen to the recording, improvise and get the feeling...

You can't help nobody, until you help yourself
You can't help nobody, until you help yourself
Nobody's going to help you better than somebody else.

You know a man needs a woman right by his side.
A man needs a woman right by his side.
She keeps him warm at night, he keeps her satisfied.

Soul of a woman, soul of a man
A perfect combination ever since the world began.
Soul of a woman
Soul of a woman, soul of a man.

You can't help nobody, until you help yourself
You can't help nobody, until you help yourself
Nobody's going to help you better than somebody else.

You know a man needs a woman right by his side.
A man needs a woman right by his side.
She keeps him warm at night, he keeps her satisfied.

Swear by God I'm gonna cut him down

NOTES:
Intro rewritten by: Mike Campbell (MA.MJC@Forsythe.Stanford.EDU) after some discussion on Rusted-Guitars.
I've had a go at both the Decade and Live Rust versions and what I've come up with is the chords to the Decade version, plus a note about some of the variations in the Live Rust version.
In the Decade version the basic chords are pretty straightforward, but there are a lot of ad lib embellishments, especially to the G chord between chorus and verse.
You need to listen to the track to get the feel for these as any attempt to tab them faithfully, IMO, would be pointless.
Also Neil starts off using the Fadd9 chord but about halfway through changes this to a straight F, but the Fadd9 reappears again at the end. This too seems to have a slight ad lib feel to it. The main differences in the Live Rust version are the alternative chords for every other chorus (see end of tab), the inclusion of harmonica solos and the absence of the intro/fill section between choruses and verses.
There are also far fewer ad lib embellishments, the main one being a C/G (3x2013) hammered on during the G chord between chorus and verse. I also checked out the Live Aid version. It's a hybrid of the two and keeps to Decade's structure but adds a couple of harmonica solos using the alternative chords from Live Rust.

SOLOING OVER D-CHORD DURING "MR CLEAN"-PARTS

LYRICS:
sun green started makin' waves
on the day her grandpa died
speakin' out against anything
unjust or packed with lies
she chained herself to a statue of an eagle
in the lobby of powerco
and started yellin' through a megaphone
"there's corruption on the highest floor"
suits poured out of elevators    "they're all dirty"
phoneheads began to speak    "you can't trust anybody"
but security couldn't get her down
she was welded to the eagle's beak
sun green leaned into that megaphone
and said, "truth is all i seek"
security brought in some blowtorches
news cameras recorded the speech
"when the city is plunged into darkness
by an unpredicted rolling blackout
the white house always blames the governor,
sayin', 'the solution is to vote him out'"
on top of that great bronze eagle
sun's voice was loud and clear
she said, "powerco is workin' with the white house
to paralyze our state with fear"
it was a golden moment    golden moment
in the history of tv news
no one could explain it
it just got great reviews
"hey mr. clean, you're dirty now too
hey mr. clean, you're dirty now too
hey mr. clean, you're dirty now too
hey mr. clean, you're dirty now too"
the imitators were playin'
down at john lee's bar
when sun went down to see 'em
someone followed her in a car
so now when she goes dancin'  
she has to watch her back  
the FBI just trashed her room  
one of them kicked her cat  
the damn thing scratched his leg  
and he had to shoot it dead  
and leave it lyin' in a puddle of blood  
at the foot of sun green's bed  
"hey mr. clean, you're dirty now too  
hey mr. clean, you're dirty now too  
hey mr. clean, you're dirty now too  
hey mr. clean, you're dirty now too"  
john lee's was rockin'  
the imitators drove it home  
sun was dancin' up a heatwave  
for a while she was all alone...  
when up walked a tall stranger  
he shadowed her move to move  
in perfect unison  
a supernatural groove  
he took her by the hand  
and the room began to spin  
he said, "i'm earth... earth brown  
you know the shape i'm in  
i'm leavin' tonight for alaska  
and i want you to come in the spring  
and be a goddess in the planet wars  
tryin' to save the livin' things"  
"i'm ready to go right now,"  
sun green told earth brown  
"let's go back to my place,  
pick up my cat and leave this town behind"  
hey mr. clean, you're dirty now too  
hey mr. clean, you're dirty now too  
hey mr. clean, you're dirty now too  
hey mr. clean, you're dirty now too  
next day sun green got busted for pot  
and it made the headline news  
but then the charges all got dropped  
and the story got confused  
she'd still like to meet julia butterfly  
and see what remedy brings  
and be a goddess in the planet wars  
tryin' to save the livin' things  
but that might not be easy  
livin' on the run  
mother earth has many enemies  
there's much work to be done
"hey mr. clean, you're dirty now too
hey mr. clean, you're dirty now too
hey mr. clean, you're dirty now too
hey mr. clean, you're dirty now too"

This is based around the album version of the song, with some help
from the live version on the choruses. I'm pretty sure the tuning
is right, some of the chord positions are different on the solo
version. The Csus4 and Gsus4 could be open position but you can
hear Neil sliding up the fretboard.. if anyone has any better
suggestions, send them to the list..

THEME FROM DEAD MAN

SUBMITTED BY: Preston Nichols (pnichols@alleg.edu)
(via HyperRust.Org)

NOTES:
These are the chords for the acoustic accompaniment for the Theme
from Dead Man, which was used for the opening and closing titles
of the film, for Jim Jarmusch's music video, and on various
promotional CDs. It was not included on the "Music from and
inspired by..." CD (to the consternation of millions).
Play this along with track 11 of the Dead Man CD, or at least
parts of it. Maybe the meter should be 6/4?
Maybe you want to play the Bm as (xx4432) and the F# (x4322)
so that you can open or hammer on the 6th string for some of
the melody notes, or something.
Maybe the Em7 should be something like G6 (the only difference
being the bass note).
Maybe the Bbaug should be different (or named differently)?
I'm pretty sure about the (...332); the melody has an E, but I
think it's just a passing note, and the harmony has an F#
(Bb-D-F#). I could be wrong though.

CHORDS:
Bm (224432)E (022100)
D (x00232)D2 (x00230)
F# (244322)Bbaug (xx4332)
E7 (022130)Em7 (022030)
A (002220)G (320003)

In 6/4 time, 20 bars total per "verse":

| Bm / / / / / | / / / / / / / |
| E / / / / / | / / / / / / / |
| D / / / / / | / / / / / / / |
| F# / / / / / | / / / / / / / |
| Bm / / Bbaug / / | D / / E7 / / |
| Em7 / / / / / | A / / / / / / |
| Bm / / / / A | G / / A / / | (three times)
| Bm / / / / | / / / / / |

(repeat)
THE NEEDLE AND THE DAMAGE DONE

VERSE:

I caught you knocking at my cellular door

I love you baby can I have some more

Oh oh the damage
I hit the city and I lost my band,  
I watched the needle take another man,  
Gone, gone, the damage done.

MIDDLE 8

I sing the song because I love the man,  
I know that some of you don't understand,  
Milk-blood to keep from running out.

I've seen the needle and the damage done,  
A little part of it in everyone,  
But every junkie's like a setting sun.

END:

David Katz' Comments:  
For the following measure (the first one), I usually try to get  
more of the bass notes notes in by playing essentially a muted  
Esus7. What's written is a partial form of this chord.

Also, I believe this is the  
version from Harvest (second measure below), so we may want to  
either add the other G-string run as an alternate, or just  
mention that this is the Harvest version. My point is that  
some people who try to access the web site may only be  
familiar with the Unplugged version.

Out on the floor where the cowboys dance
Approaching slowly at a glance
Here comes the shadow of his stance

Inquires the shadow with little remorse
Just then a priest comes down the stairs
With a sack of dreams and old nightmares.

Don't you care about this guy's head?

Just then the sound of hoofbeats was heard
And the sky was darkened by a prehistoric bird
Who flew between the unfulfilled moon
And the naked rider, to a telephone booth.

We'll call the moon and see what's up
I've got some change in this little tin cup
We'll say that the shadow is growin' dim
And we need some light to get back to him

The air was filled with a ringing sound.
Two more birds, the second and the third
Came down from the sky to deliver the word.

Get back to the clouds, we're dying of thirst
There's not enough time to make that call
Let's ditch this rider, shadow and all.

Still on the ground some crying was heard
With his dime in his hand and his hand on the dial

Hoofbeats beating across the range
He rode through the night with his cup of change
Tired and beaten he fell into slumber
But up in the sky they still had his number.

NOTES:
The tab below for the intro section is just a suggestion. Also, there is a variation of hammer-ons around the 'C' chord in the first two lines of each verse. The rest of the song is straight-forward except for the "Dadd2add4 to C1 to D1" transition in the chorus, which is as follows (sorry, I don't know the chord names, so I refer to them as C1 and D1):

```
Dadd2add4  C1  D1
E|---------------------------------------------|
B|-0h3----3-----------5-5------------7-7---7---|
G|-0-0-----0----------------------------------|
D|-0h4--4----4/5-5-----5--5/7--7-----7-----|

Telling me what I need
Don't need no Madison Avenue War
Don't need no more boxes I can't see

People from around the world
Need someone to listen
We're starving and dying from our disease
We need your medicine
How do you pay for war
And leave us dyin'?
When you could do so much more
You're not even tryin'

Don't need to TV ad
Tellin' me how sick I am
Don't want to know how many people are like me
Don't need no dizziness

People are dying here and there
They don't see the world the way you do
There's no mission accomplished here
Just death to thousands

VERSE 1:
F                          C
Midnight, that old clock keeps ticking, 
Gm       C            F
The kids are all asleep and I'm walking the floor.  
F                      C

Gm             C            F

CHORUS 1:
F                              Bb
This old house of ours is built on dreams  
C                              F
And a businessman don't know what that means. 
F                              Bb
There's a garden outside she works in every day 
C
And tomorrow morning a man from the bank's  
F
Gonna come and take it all away.

VERSE 2:
Lately, I've been thinking 'bout daddy,  
And how he always made things work, 
When the chips were down, 
And I know I've got something inside me 
There's always a light there to guide me 
To what can't be found. 

CHORUS 2:
This old house of ours is built on dreams 
And a businessman don't know what that means. 
There's a swing outside the kids play on every day 
And tomorrow morning a man from the bank's 
Gonna come and take it all away.

BRIDGE:

Gm             C            F

SOLO: (VERSE CHORDS)

VERSE 3:
Remember how we first came here together? 
Standing on an empty lot, holding hands. 
Later, we came back in the moonlight 
And made love right where the kitchen is, 
Then we made our plans. 

CHORUS 3:
This old house of ours is built on dreams 
And a businessman don't know what that means.
There's a garden outside she works in every day
And tomorrow morning a man from the bank's
Gonna come and take it all away.

Back in Canada I spent my days
Riding subways through a haze
I was handcuffed, I was born & raised
Son, don't be home too late
Try to get back by eight
Son, don't wait till the break of day
'Cause you know how time fades, time fades away
You know how time fades away.

Thirteen junkies too weak to work
One sells diamonds for what they're worth
Down on pain street disappointment lurks.
Son, don't be home too late
Try to get back by eight, eight

the old Trans Am just bounced around

An old friend showed up at the door The mile posts flying by
he say come on, I said what for he said I'll show you why
I got a call from north of here They said some girls broke down
there's good money in it for you and me
if we can get her back to town

TWO OLD FRIENDS

SUBMITTED BY: Keith (WeldedRust@aol.com)

NOTE: (from Fredrik at Red Sun)
Keith transcribed this from Detroit 02/06/02, but the lyrics is altered to fit the album version.

INTRO:

Preacher went up to the Golden Gate,
And met God there,
With the glow of love in his flowing hair.
I'm dreamin' of a time when love and music,
Is everywhere.
Can you see that time comin'?

No my son that time has gone,
There's things to do.
The world has changed since I first met you.
Back when The Band played Rock of Ages,
In their prime,
And the old juke joint was rockin'...

Oh Lord there's so much hate,
In a world where we're from another place.
Show me how to live like you.
See no evil, hear no evil,
Feel no evil in my heart.

In my heart, in my aching heart.
In my heart, in my beating heart.
In my heart, in my old black heart.

Sky had turned a lotta shades of gray,
As they walked on,
And a gentle rain fell down on them.
They found faith in the way things are and,
The way things change,
And they said goodbye like two old friends.

Take me up to the mountains high,
Or a building top where the spirits fly.
Show me how to be like you.
See no evil, feel no evil,
Fear no evil in my heart.

In my heart, in my aching heart.
In my heart, in my heart,
In my old black heart.
In my heart, in my heart,
In my beating heart.

Oh Lord there's so much hate,
In a world where we're from another place.
Show me how to live like you.
See no evil, feel no evil,
Fear no evil in my heart.

In my heart, in my aching heart.
In my heart, in my heart,
In my beating heart.
In my heart, in my heart,
In my old black heart.

And on the shores at Normandy
He fought for you, he fought for me
Across the land and on the sea
But now he's just a memory

I can be like a fire in the night
Always warm and giving off light
But there comes a time when I shine too bright
Oh, I'm just a fire in the night.
And now my fins are in the air
And my belly's scraping on the rocks
I still think someone really cares
And I'll keep swimming till I stop.

CHORUS

I'm like a singer on the stage
With the golden lights and liquid rage
Down from the mountains to the sea
Cool running love keeps cleansing me
It keeps my gills from getting dry
But it distorts things in my eyes
Sometimes I see what really isn't there
Like my true lover, and I care.

CHORUS

Sometimes I ramble on and on
And I repeat myself till all my friends are gone
And get lost in snow and drown in rain
And never feel the same again.
I remember the ocean from where I came
Just one of millions all the same
But somewhere someone calls my name
I'm a harpoon dodger, and I can't, won't be tamed.

CHORUS

Baby if I see boredom in your eyes
I'll know my river has run dry
But I won't turn back with that lonely tide
I bought that ticket and I'll take that ride.
If we meet along the way
Please sway beside me, let us sway together
Our tails together and our fins and mind
We'll leave this water and let our scales shine
In the sun above and the sky below
So all the water and earth will know

It has often been my dream
To live with one who wasn't there.

VERSE:
F \ G
My life's an open book
F \ G
You read it on the radio
F \ G
We got nowhere to hide
F \ G
We got nowhere to go
F \ G
But if you still decide
F \ G
That you want to take a ride

CHORUS:
C \ Cmaj7 \ C
Meet me at the wrecking ball
Am
Wrecking ball
F \ G
Wear something pretty and white
F \ G
And we'll go dancin' tonight

Meet me at the wrecking ball
Wrecking ball
Wear something pretty and white
And we'll go dancin' tonight.

I see your smoky eyes
Right across the bar
I've seen that look before
Shining from star to star
Though I can't take that chance
If you got time for one dance

Meet me at the wrecking ball
Wrecking ball
Wear something pretty and white
And we'll go dancin' tonight

Meet me at the wrecking ball
Wrecking ball
Wear something pretty and white
And we'll go dancin' tonight.

The restless line of cars
Goes stretchin' down the road
But I won't telephone
'Cause you might say hello
What is it makes me feel this way?
What is it makes me want to say

Meet me at the wrecking ball
Wrecking ball
Wear something pretty and white
And we'll go dancin' tonight

Meet me at the wrecking ball
Wrecking ball
Wear something pretty and white
And we'll go dancin' tonight.

YOUR LOVE IS GOOD TO ME

Your love is good to me
I should be standing tall
And walking proud

Your eyes keep looking out
And your heart keeps beatin' on

Oh yeah, without your love I would surely cry.

I get to wondering
'bout what's been shown
And your love is like a light
showing me the way, through the night

Oh yeah... without your love I would surely cry
